1. **Background.** Navy/Marine Corps Intranet (NMCI) is a unique partnership between the Department of the Navy and a civilian contractor to provide network-based information services ashore.

a. The contractor will integrate Sailors and Marines with the Enterprise workforce to provide customer service and technical support for NMCI users, including assignments to the NMCI Service Desk, NMCI Field Services, and NMCI Network Operations Center (NOC). Sailors and Marines participating in this program will receive the latest commercial Information Technology (IT) competency training including certification opportunities.

b. Tour length will be 36 months.

2. **Requirements/Qualifications**

a. Must meet the following rank and time in service requirements:

(1) E-5 with no more than 10 years total active service.

(2) E-6 with no more than 14 years total active service.

b. Must be eligible for an INUS shore assignment per IT rating sea-shore flow policy (reference (a)).

c. Must hold at least one warfare qualification. No waivers will be accepted.

d. **Primary Navy Enlisted Classification (PNEC) 2735** is required for this program.

(1) Individuals that hold **Navy Enlisted Classification (NEC) 2780 or 2781** are qualified in that **NEC 2735 is a component NEC to each of these NECs.**

(2) Members who do not currently hold the required PNEC, but meet all other requirements, will be provided training en route to NMCI. Prerequisite for NEC 2735 is, "minimum of 1 year hands-on networking experience in the Information Systems environment and have a basic understanding of computers, information assurance (security), operating systems, and applications and computer peripherals."

e. Required obligated service (OBLISERV) for this program is 60 months. OBLISERV must be satisfied by reenlistment or extension. NAVPERS 1070/613 (Rev. 7-06), Administrative Remarks is not authorized.

f. Must complete a NAVPERS 1306/92 (Rev. 12-03), Special Program Screening Form, with a favorable commanding officer's endorsement within 15 days of receipt of Commander, Navy Personnel Command (COMNAVPERSCOM) notification message. Reference MILPERSMAN 1306-900 for special duty screening completion guidelines.

g. Upon special duty screening completion, current command must forward a Special Duty Suitability/Unsuitability Report, or a Special Program Waiver Request, to COMNAVPERSCOM, CT/IS/EW/IT Assignment Branch (PERS-408) per MILPERSMAN 1306-900. Include gaining NMCI Detachment as info addressee.
